

**Invitation to Bid  
City of Perry  
Fire Alarm & Security Systems  
Bid Number 2015-24 (Part I & II)  
Due Date May 1, 2015 11:00 AM**

The City of Perry, GA is soliciting sealed bids for a fire alarm and security system at selected city buildings. **Bidders must bid Part I and Part II to be considered for award. Three copies of the Bid shall be submitted in a sealed envelope with the name and bid number clearly marked on the front of the package. Competitive sealed bids will be received at the City of Perry Department of Administration – Purchasing, 1211 Washington Street, P O Box 2030, Perry GA 31069, no later than 11:00 AM, May 1, 2015.** Bids received after the required time or in any other location other than the Department of Administration will not be accepted.

Bids may be withdrawn by written request only if the request is received prior to the time and date set for the opening of the bids. Negligence on the part of the bidder in preparing his/her bid confers no right of withdrawal or modification of his/her bid after bid has been opened. No bid may be withdrawn for a period of sixty days after the time and date of opening of bids.

The City of Perry reserves the exclusive right to determine which Bidder should be awarded the Contract. The City of Perry also reserves the right to waive any irregularity or informality in a bid, and accepts or rejects any item or combination of items, when to do so would benefit The City of Perry. Also the City of Perry may reject bids that do not contain all elements and information requested. The City of Perry will not be liable for any cost/losses incurred by bidders throughout this process. The City of Perry does not discriminate on the basis of race, religion, color, sex, national origin, age or disability.

The bidder will indemnify, defend and hold harmless the City of Perry from and against any and all claims, damages, losses and expenses including, but not limited to, fees and charges of attorneys and court and arbitration costs, arising out of or resulting from the negligent acts, negligent omissions, willful misconduct, or reckless misconduct of the Bidder or anyone whom the Bidder is responsible.

**CITY OF PERRY**  
**FIRE ALARM & SECURITY SYSTEMS**  
**BID #2015-24**  
**PART I – FIRE ALARM SYSTEM**

**I. Scope of Service**

The City of Perry, GA is accepting competitive sealed bids for the installation of a fire alarm system in the following city buildings:

1. City Hall – 1211 Washington Street
2. Public Safety Building – 1207 Washington Street

**II. General**

The primary mission or function of the Fire Alarm system is to provide fire protection for city buildings and personnel.

The fire system is designed to provide life safety for all high value internal areas and personnel within the city buildings of Perry. The fire alarm reporting system will report back to the central station for the early detection of fire, water flow or supervisory alarms.

It is the intent of the fire reporting system as specified in these specifications to provide a higher degree of fire reporting safety for the facility. The system monitoring shall be designed, constructed and tested in conformance with a relative test standard for UL 864 Central Station Fire.

**III. Intent**

1. It is the intent of these specifications to procure a fully acceptable, effective and reliable fire alarm system. These specifications recognize the importance of complete system operation and are not limited to specifying of equipment only. The following are also required from the selected bidder:
  - a. Proven experience in the fire alarm business. Minimum of 20 years.
  - b. Prompt delivery and professional installation of equipment as specified.
  - c. U.L. Central station providing 24-hour alarm monitoring.
  - d. Complete maintenance and service capability.
2. All equipment described herein for each system, shall be the product of one manufacturer or products approved as compatible by the manufacturer. Used products will not be acceptable. Manufacturer must satisfactorily demonstrate that he has supplied and will continue to supply products to avoid the obsolescence of equipment installed in the building.
3. Bidder must currently maintain a computerized monitoring station of established reputation for back-up capabilities. He must demonstrate that personnel, on duty twenty-four hours per day, have successfully monitored fire alarm systems.
4. Bidder shall show satisfactory evidence that he maintains as an integral part of his organization, and under his control, a fully equipped service department capable of providing timely maintenance and factory-authorized service as required with on-going replacement parts.

5. All equipment shall be fully guaranteed. This guarantee shall become effective from the day of installation. When in normal operation, if the equipment is found to be below manufacturer's specification, repair and replacement of equipment shall be provided. Repairs shall be started within twenty-four hours and completed without delay. Bidder shall either stock spares or be capable of obtaining all required replacement parts within 24 hours.
  - a. Equipment damaged by vandalism, acts of God, building occupants, or stolen during hours when building is occupied, shall be replaced or repaired at client request and expense within twenty-four (24) hours.
6. All the work within the scope of this bid shall be performed in accordance with the applicable state, county and city laws and ordinances. The bidder shall be able to obtain all permits and licenses as required in addition to being a licensed contractor. All materials, supplies and equipment must meet NFPA 72 2013 ed. standards. All electrical wiring and installations shall be done in accordance with the National Electrical Code.
7. Fire Alarm shall be in accordance with NFPA 72 2013 ed. and Life Safety Code 101 2012 ed.
8. The service provider shall have qualified and certified personnel on staff to provide the highest level of service during the term of the contract. The following will be the minimum requirements.
  - a. One technician on permanent staff that has attended and has been certified by an approved training seminar by the manufacturer dealing with the U.L. installation procedures and service/maintenance of fire equipment.

#### **IV. Contractor Requirements**

- a. Contractor must have current, valid workers compensation insurance coverage.
- b. Contractor must have current, valid business license from Georgia local government.
- c. Contractor must have current, valid general liability and vehicle insurance coverage.
- d. Contractor must be in compliance with current Georgia immigration laws/regulations. The attached contractor's affidavit must be submitted with bid.
- e. Contractor is responsible for the provision of all supplies, labor, equipment and permits.

#### **IV. Scope of Work – All bids will be based on the attached breakdown for each building and including the following services:**

- a. Local 24 hour monitoring
- b. 24 hour emergency services
- c. A written copy of all service calls

#### **V. Bidder Requirements**

1. Any contractor submitting a bid for this project must provide:
  - a. Three (3) commercial or institutional references.
  - b. Copy of current, valid business license.
  - c. Detailed statement of total cost to complete project.
  - d. Estimate time to complete project.
  - e. Any deviations or alternations from the specifications must be made in writing.

2. A mandatory site visit is required of all desiring to submit a bid for the project. To schedule an appointment or questions regarding this bid contact Deputy Chief Stanton at (478) 338-2655.

**VI. Bid Due Date**

All bids must be received in the Department of Administration – Purchasing no later than 11:00 AM May 1, 2015.

**VII. Submission of Bid**

Bid documents must be clearly marked on outside “Fire Alarm and Security System Bid #2015-24 (Part I & II). No fax transmissions or emails will be accepted. Bids are to be submitted to:

Brenda King  
Department of Administration – Purchasing  
1211 Washington Street  
P O Box 2030  
Perry GA 31069

The City reserves to reject any bid determined not to be in the best interests of the City.

**CITY OF PERRY**  
**FIRE ALARM & SECURITY SYSTEMS**  
**BID #2015-24**  
**PART II – SECURITY SYSTEM**

**VI. Scope of Service**

The City of Perry, GA is accepting competitive sealed bids for the installation of a security system for the following city buildings:

1. City Hall – 1211 Washington Street
2. Public Safety Building – 1207 Washington Street
3. Davis Farm Fire Station – 150 Commodore Drive
4. Worrall Community Center/Rozar Park – 1060 Keith Drive

**VII. General**

1. The primary mission or function of the intrusion/video/surveillance/access control system is to provide security for city buildings and personnel.
2. The intrusion/video surveillance systems are intended to provide protection of high value internal areas and personnel within the city buildings of Perry. The equipment required to be installed at various facilities is as noted in Attachment A. Locations for access controls, cameras, motion sensors and panic buttons are as noted on building diagrams Attachments B - D.
3. The access control system, through the addition of card readers and access control modules, can provide the 24-hour capability of effectively managing the entry and/or exit of authorized individuals and restricting access.

**VIII. Intent**

1. It is the intent of these specifications to procure a fully acceptable, effective and reliable intrusion/video/access control system. These specifications recognize the importance of complete system operation and are not limited to specifying of equipment only. The following are also required from the selected bidder:
  - a. Proven experience in the security business. Minimum of 20 years.
  - b. Prompt delivery and professional installation of equipment as specified.
  - c. U.L. Central station providing 24-hour alarm monitoring.
  - d. Complete maintenance and service capability.
2. All equipment described herein for each system, shall be the product of one manufacturer or products approved as compatible by the manufacturer. Used products will not be acceptable. Manufacturer must satisfactorily demonstrate that he has supplied and will continue to supply products to avoid the obsolescence of equipment installed in the building.
3. Bidder shall show satisfactory evidence that he/she maintains as an integral part of his/her organization, and under his/her control, a fully equipped service department capable of providing timely maintenance and factory-authorized service as required with on-going replacement parts.

4. All equipment shall be fully guaranteed. This guarantee shall become effective from the day of installation. When in normal operation, if the equipment is found to be below manufacturer's specification, repair and replacement of equipment shall be provided. Repairs shall be started within twenty-four hours and completed without delay. Bidder shall either stock spares or be capable of obtaining all required replacement parts within 24 hours.
  - b. Equipment damaged by vandalism, acts of God, building occupants, or stolen during hours when building is occupied, shall be replaced or repaired at client request and expense within twenty-four (24) hours.
5. All the work within the scope of this bid shall be performed in accordance with the applicable state, county and city laws and ordinances. The bidder shall be able to obtain all permits and licenses as required in addition to being a licensed contractor licensed.
6. All materials, supplies and equipment must meet OSHA standards. All electrical wiring and installations shall be done in accordance with the National Electrical Code.

## **IX. Access Control System**

1. Each module will have the following capabilities:
  - a. Access control for the number of doors determined using distributed database technology. See Attachment A.
  - b. Verification for up to 250 users on-site, using magnetic stripe, proximity card technology and or keypad.
  - c. The actual number and configuration of cards to be provided under this bid is to be determined. Cards to be provided shall be able to be private labeled and integrate a photo ID.
  - d. Capability for optional "Free Egress" via an electronic switch.
  - e. Access verification for each user includes the following:
    - User must be authorized for specific door(s).
    - User must be allowed at the current time and day including holidays.
    - Access to an armed area is denied unless the user is authorized to disarm.
    - In addition, a "Master Card" capability must also be a programmable option.
2. System shall have a software option capability for a minimum schedule of 11 holidays throughout the year.
3. Temporary access cards for vendors and/or guests, etc., shall be able to be programmed into the system with a selectable start and expiration date.
4. The access control system, when integrated into the system, must meet and operate in accordance with NFPA 101 - Life Safety Codes 2012 ed.
5. All doors must unlock during fire alarm.
6. The service provider shall have qualified and certified personnel on staff to provide the highest level of service during the term of the contract. The following will be the minimum requirements.

- b. One technician on permanent staff that has attended and has been certified by an approved training seminar by the manufacturer dealing with the U.L. installation procedures and service/maintenance of security equipment.

**X. Intrusion Control**

1. A motion sensor is to be installed at each specified entry door.
2. In areas where glass breakage protection is to be provided, a single sensor shall be used to also provide for audio detection of the selected area.
3. The sensor, when installed with the subscriber control unit, shall be capable of omni-directional audio coverage of approximately 6,000 square feet of unrestricted building space.

**XI. Scope of Work – All bids will be based on the attached breakdown for each building and including the following services:**

- a. Panic buttons where needed
- b. Local 24 hour monitoring
- c. 24 hour emergency services
- d. A written copy of all service calls
- e. Remote data base management of user identification codes and system programming.
- f. Auto alarm feature

**VI. Contractor Requirements**

- f. Contractor must have current, valid workers compensation insurance coverage.
- g. Contractor must have current, valid business license from Georgia local government.
- h. Contractor must have current, valid general liability and vehicle insurance coverage.
- i. Contractor must be in compliance with current Georgia immigration laws/regulations. The attached contractor's affidavit must be submitted with bid.
- j. Contractor is responsible for the provision of all supplies, labor, equipment and permits.

**VII. Bidder Requirements**

3. Any contractor submitting a bid for this project must provide:
  - f. Three (3) commercial or institutional references.
  - g. Copy of current, valid business license.
  - h. Statement of total cost to complete project.
  - i. Estimate time to complete project.
  - j. Any deviations or alternations from the specifications must be made in writing.
4. A mandatory site visit is required of all desiring to submit a bid for the project. To schedule an appointment contact Deputy Chief Stanton at (478) 338-2655.

**VIII. Bid Due Date**

All bids must be received in the Department of Administration – Purchasing no later than 11:00 AM May 1, 2015.

**VIX. Submission of Bid**

Bid documents must be clearly marked on outside “Fire Alarm and Security System Bid #2015-24 (Part I & II). No fax transmissions or emails will be accepted. Bids are to be submitted to:

Brenda King  
Department of Administration – Purchasing  
1211 Washington Street  
P O Box 2030  
Perry GA 31069

The City reserves to reject any bid determined not to be in the best interests of the City.

## ATTACHMENT A
